### **Price List**

Effective date: February 1, 2021

We are pleased to offer you this price list of services and products. We hope this will aid you and your loved ones in your decisions, whether they are for pre-arrangements, pre-payment or at need services. Every effort has been made to simplify and assist you in your decision making. The following pages are a breakdown of the pricing for services and products, so you can select and personalize the type of service you wish for yourself and your loved one.

Celebrating the life of a loved one with love, dignity, special moments and fond memories are essential for a healthy recovery for those who were a part of a life and now must say good-bye. Please consider your loved ones when making funeral arrangements. Take the time to think and discuss with your family the many available options and choices involved in planning one of the most important events, the celebration of a life.

The prices set out in this schedule are effective from the date shown at the top of the page and are subject to change without notice. This list does not include prices for items which the funeral home is asked to purchase on behalf of the purchaser, such as newspaper notices, municipal death registration fees, coroner's fees or other items and services. These items will be shown as disbursements on our final account to the purchaser. We encourage those making funeral arrangements to make practical choices.

If you have any questions of concerns, please contact us and we will be more than happy to assist you in any way possible.

Kindest Regards,

Disbursements are items arranged for and possibly paid for on your behalf by us. You are expected to pay for these items at the time the contract is entered into. The following are some items that are often identified as disbursements.

Coroner's fee – this is a fee charged by the coroner for issuing a certificate that allows cremation to take place. The fee is set by the Chief Coroner for Ontario.

Clergy honorarium – this is an amount paid to the clergy for their services. In some cases the amount is set by the clergy, in others it is an amount to be determined by you.

Newspaper or radio notices – these are charges for death notices placed in newspapers or radio or other media outlets.

Municipal death registration fee – this is a fee charged by the local municipality to register the death. The fee is set by the municipality and may vary.

## **PAYMENT, FINANCING AND FUNDING**

We are proud to offer various payment, funding and financing options to our clients.

### **Payment**

Unless otherwise specified, payment is due within 30 days of signing the contract. Payment may be made by cash, cheque, or bank draft. Payment plans are also available to meet most budgets. Financing charges apply to payment plans. Beyond the allotted time, interest will be charged at a rate of 2% which is equivalent to 24% per annum (APR).

If you are pre-paying for services or supplies, pre-authorized chequing is also available.

### **Financing**

Our payment plans give you the option of making payments over time. We offer a competitive financing program, administration fees and interest rates.

### **Funding**

For your convenience, we offer two funding options when prepaying services or supplies. When prepaying, you pay for the services and supplies today and the money will be used to pay for the services and supplies when they are delivered at the time of death.

**Trust:** You may pay the money directly to us and we will place it in trust, where it will accrue interest until the contract is fulfilled (when the services and supplies are delivered) or the contract is cancelled.

**Insurance:** You may purchase an insurance contract where the proceeds of the insurance contract will be used to pay for the services or supplies at the time they are delivered or the contract is cancelled.

Additional information is available upon request.

Unless otherwise identified, all applicable taxes will be added to the prices indicated
